

OUR COMMITMENT TO CHILDREN IN SOMALIA TO SURVIVE, LEARN AND BE PROTECTED (2019-2021)

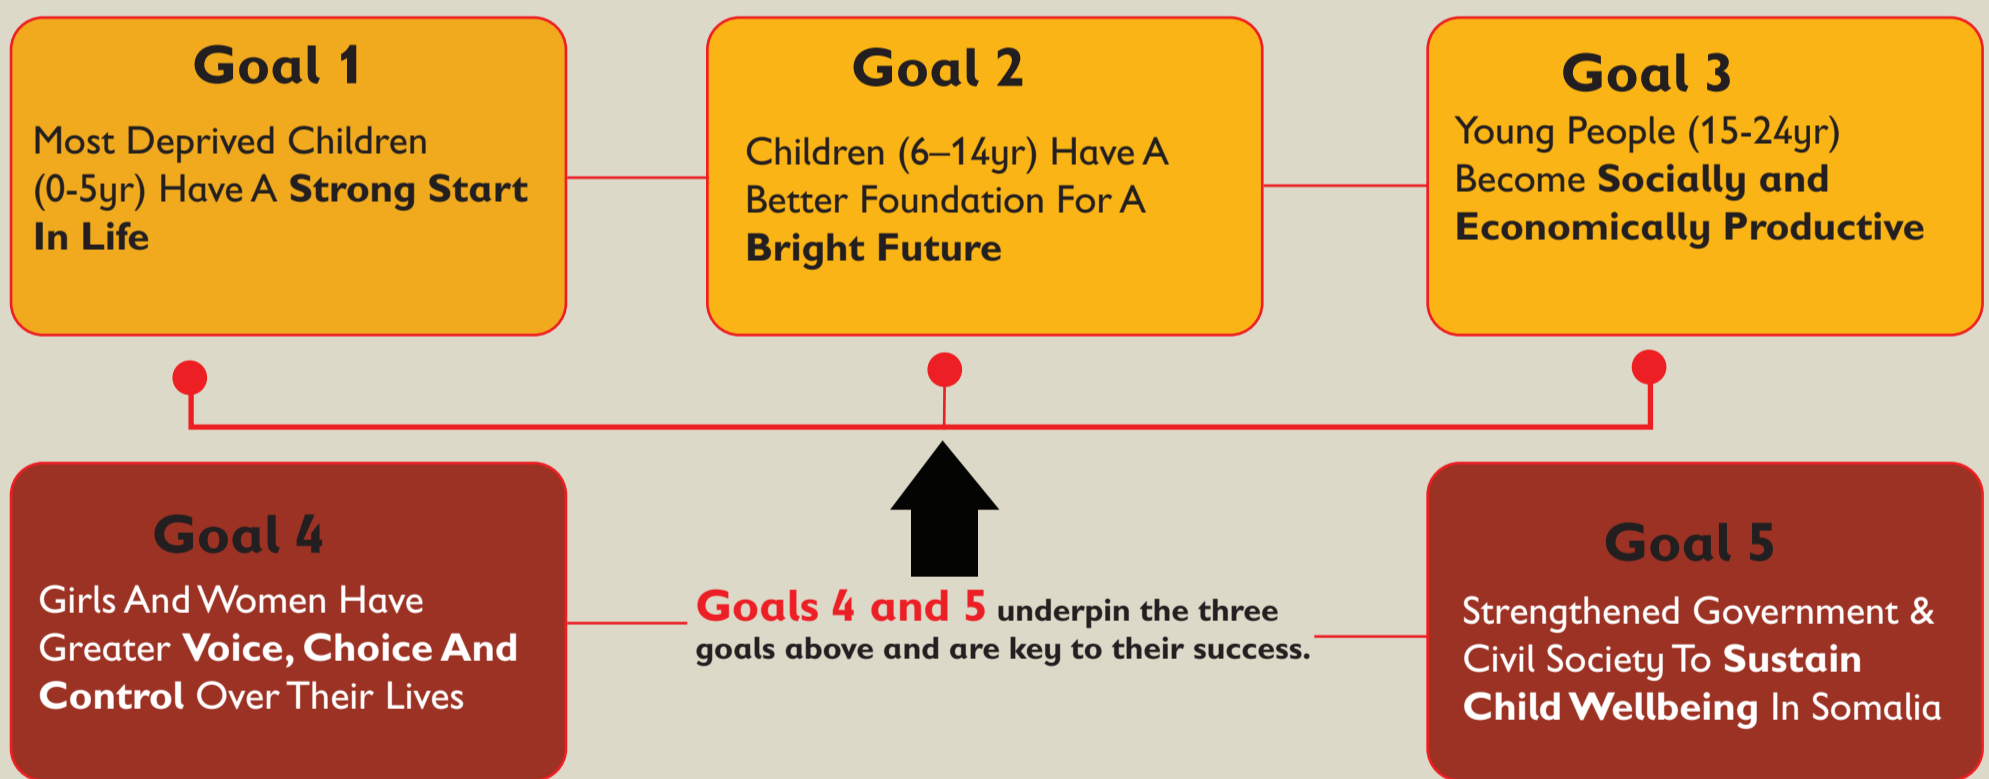

Needs and vulnerabilities throughout child life cycle

STRATEGIC GOALS

Goals 1, 2 and 3 are based on the Child Life Cycle Model and as such will help us to deliver thematically integrated and age-appropriate interventions to the most deprived children.

OPERATIONALISING 2019-2021 CSP

- | | |
|--|---|
| <ul style="list-style-type: none"> Ensuring child-centered integrated programming during design and implementation Prioritize and consolidate our geographical presence for greater depth of programming Take Technical Expertise closer to implementation to drive quality programming Strengthen evidence and learning to inform program design, implementation, policy and advocacy work, including Common Approaches | <ul style="list-style-type: none"> Embedding Emergency Preparedness processes (Early Warning and Early Action) into all interventions to mitigate impact through shock responsive programming Work more with strategic and implementing partners Actualize the organization's Gender Equality Policy and increased internal capacity on gender Undertake high-level policy, advocacy and campaigning work around the Centenary Commitments and other policy priorities Harmonizing and decentralizing business support functions to the area offices |
